SUMMARY

Recent Bachelor of Technology graduate in Information Technology with hands-on experience in Web development and coding skills. Adept at solving complex problems and developing the web dev skills. Proven ability to develop dynamic web applications and conduct comprehensive project analyses.

SKILLS

Programming Language : C++, Javascript

Front-End Tech : HTML5, CSS3, Bootstrap, Tailwind, React.js, JQuery

Back-End Tech : Javascript, Node.js, Express.js

Database : MongoDB, SQL

EXPERIENCE

Technical Assistant | Internship

July 2023 - Nov 2023

Coding Ninjas

- Provided one-on-one tutoring sessions to help students understand coding concepts and complete assignments.
- Acted as a mentor to students, providing career advice and guidance on academic and professional development.
- Solved more than 852 doubts with 4.84/5 rating and was rewarded with a gold position in it.

PROJECTS

Online Code Editor

May 2024 - Current

Tech Stack - HTML, CSS, Tailwind, React.js, Javascript, Monaco Editor.

- Utilizing Front-End tech stack to create a responsive and user-friendly interface.
- Integrating Monaco Editor to provide a robust coding environment.
- Developing key features including several themes, multi-language support and much more.

QR Code Generator

Feb 2024 - Mar 2024

Tech Stack - HTML, CSS, Bootstrap, JQuery..

- Integrated qrcode react to provide QR code generation capabilities.
- Added features for users to customize the QR code appearance and size.
- Enabled functionality for users to download the generated QR codes as image files.

Face Detection Application

July 2023 - Nov 2023

Tech Stack - C++, OpenCV(Computer Vision library), Visual Studio 2022.

- Developed and fine-tuned face detection application using C++ and OpenCV built-in functions.
- Integrated face detection with video capture modules, tested the application and ensured robustness and accuracy.
- Visualized detected faces by drawing bounding boxes around them and displaying them on the screen.

EDUCATION

Bachelor of Technology - Information Technology

Nov 2020 - July 2024

IMS ENGINEERING COLLEGE, GHAZIABAD

Grade : 80.33%

Intermediate (12th) - PCM

Mar 2019 - July 2020

PRIYANKA MODERN SCHOOL, DHAMPUR

Grade : 78.4%

High School (10th)

Apr 2017 - May 2018

PRIYANKA MODERN SCHOOL, DHAMPUR

Grade : 74.66%
